EMERGENCY

2nd Floor
72 Hours
For this time's battle, I authorize a dive spanning a maximum of three days
...So.

?
!!?
"Three days"... That's just..!!
.....

Three days.
72 hours.
A contamination is a concern swap the mode on your watches
The time will definitely be preserved
During that time, invade as much as you can.
First, destroy the Irregulars that'll likely appear from the invasion.
After that, destroy *Mining Point F72*, and invade the second floor.
However, don't venture too far in it.
Nevertheless, try and preserve the Irregulars as much as you can, and withdraw.
If I were to consider the withdrawal timeframe, 50 hours would be end game.

And that is why we have the two on reserve.
In addition, I authorize the usage of Grade A medicine.
W-Wait a sec!
Isn't it impossible to maintain a Link for three days?!
.....
.....
In other words, we're disposable, right...

DON'T BE ABSURD!
I WOULD BE WORRIED IF YOU DIDN'T COME BACK! WE'VE CONFIRMED NO MORE THAN FIVE PEOPLE WHO POSSESS THE LINK ORGAN!
THE FACT THAT YOU ARE IRREPLACEABLE WILL NEVER CHANGE!
Yeah yeah...
...What is it?
What is the extent of our weaponry?

The maximum.
I authorize the maximum.
.....
Understood.

...Well...
SFX: Creature Screaming
Note: Almaz is Russian for "diamond"
This sharp "Almaz-built army knife" I brought...
It's really turns out to be a knife after all, huh? Looks like one—

Well...
Since it hasn't gotten a dent even after three hours of constant fighting, I'm cool with it.

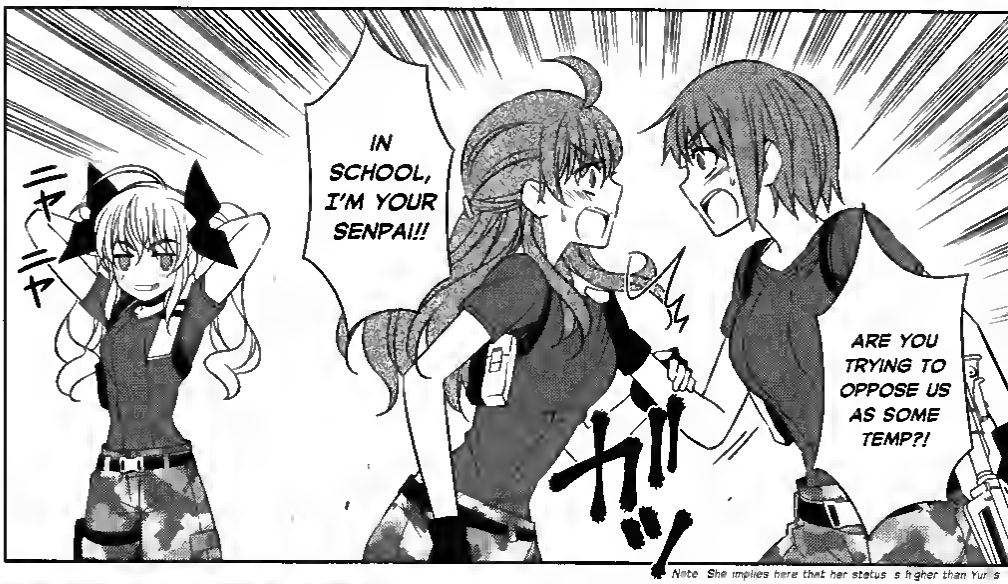
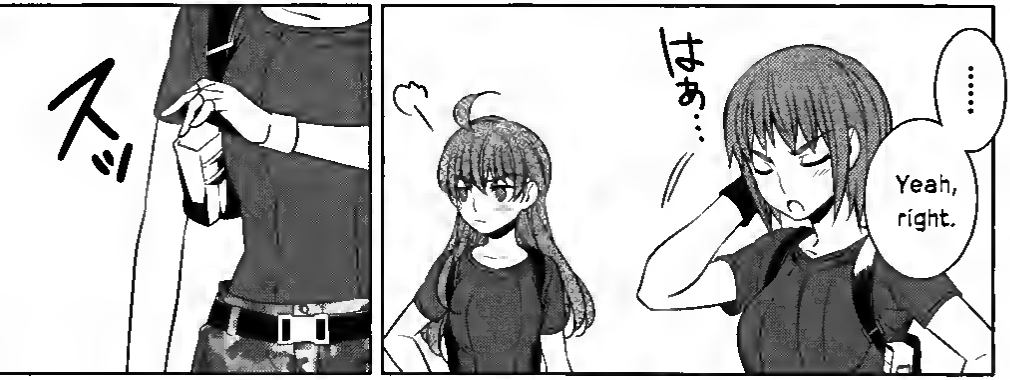
It's enough if a Spriggan takes a single shot to the head

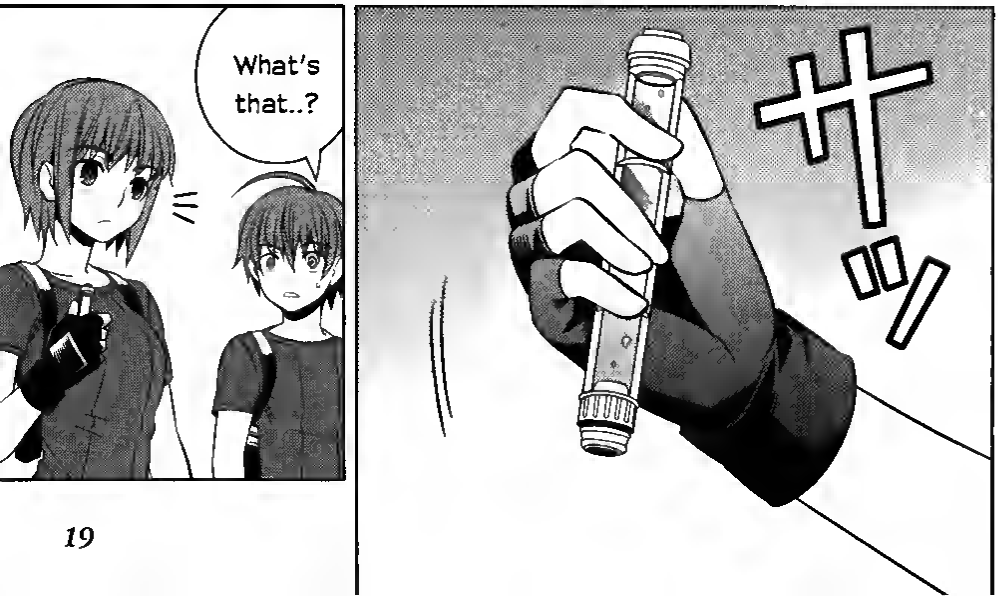


Note: She implies here that her status is higher than Yuri's

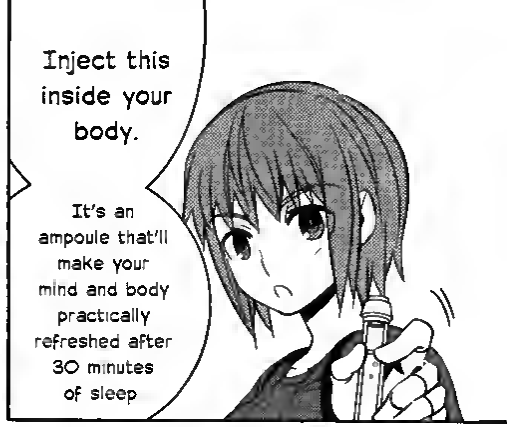
Six hours after entry,
it seems we've finally finished cleaning up the Spriggans, huh?
Shall we take a rest then?



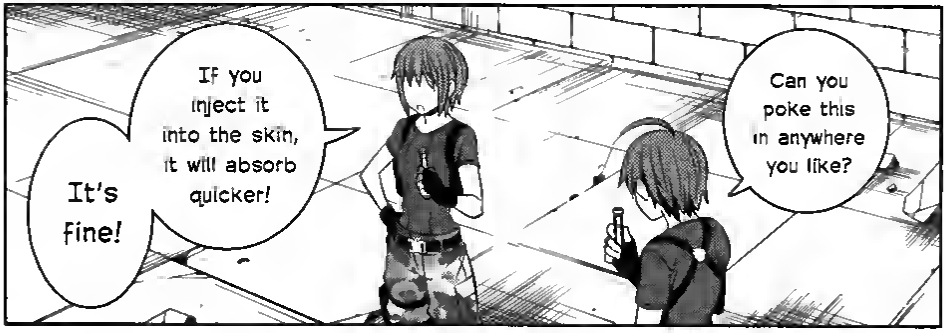
スッ
はぁ…
……
Yeah, right.

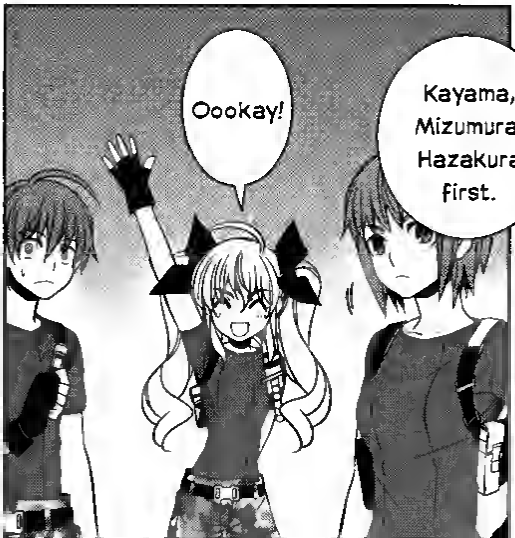


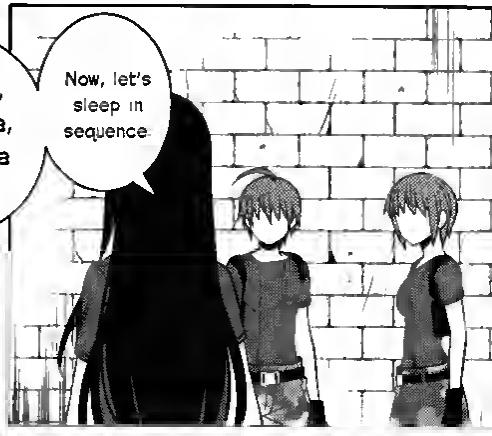
What's that..?
ヌッ



Inject this inside your body.
It's an ampoule that'll make your mind and body practically refreshed after 30 minutes of sleep







Note: LOL, the original Japanese version actually had Hanayama instead of Kayama. Derp. (For those who don't understand, basically the kanji for Hana is the same as the Ka in Kayama.)

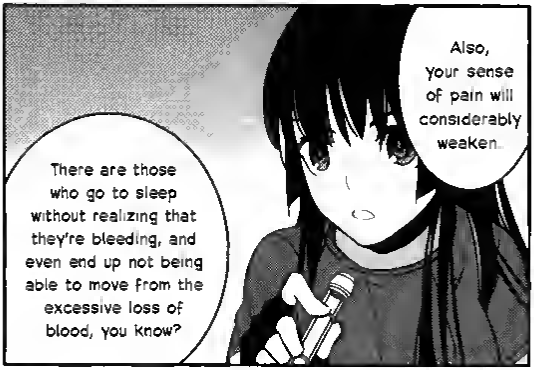
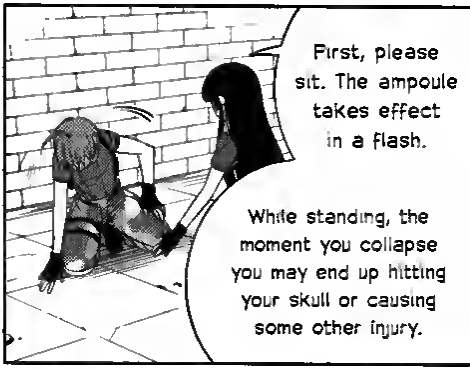
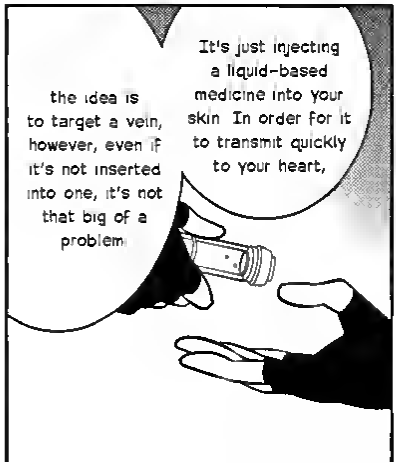
...Could I ask you to help?
Are you able to do it yourself?



There are those who go to sleep without realizing that they're bleeding, and even end up not being able to move from the excessive loss of blood, you know?
Also, your sense of pain will considerably weaken.



First, please sit. The ampoule takes effect in a flash.
While standing, the moment you collapse you may end up hitting your skull or causing some other injury.



the idea is to target a vein, however, even if it's not inserted into one, it's not that big of a problem.
It's just injecting a liquid-based medicine into your skin. In order for it to transmit quickly to your heart,

W-Wait please! It's kinda scary if you don't explain.

Are you good?

I see. That's convenient, isn't it..
Since it's modified for 30 minutes, you'll wake up automatically after 30 minutes
Erm... And how would I wake up?
Correct.
If you push the stamp end onto your skin and then press the butto-
Erm... So like this...

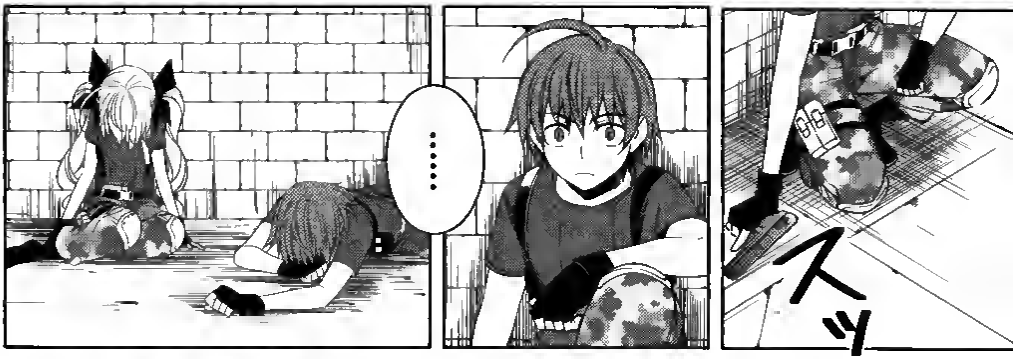
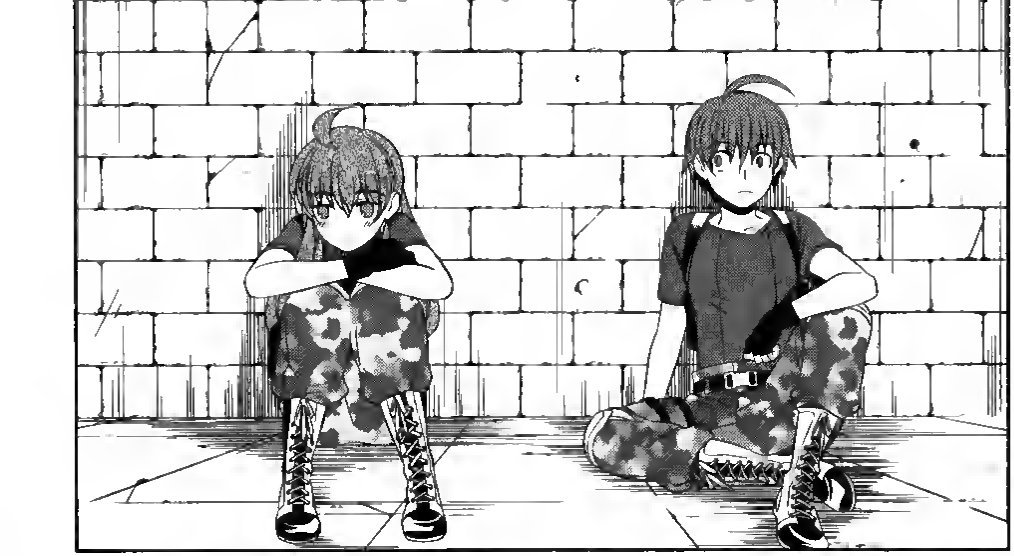
..Then, are you planning on doing ecchi stuff to a sleeping comrade?
Heh! Man's romance, you know?
Nah yo.
I just figured I wanted to see Captain's sleepy face for a bit.
Meh, that wasn't what I was plannin' anyway.
Captain Toujou seemed like she reached her limit, so I just forced her to sleep.
.....
TL Note: In the panel below, Mitoya actually says "Yoroshiku~" which is hard to translate exactly. He basically means "I'm glad you agree." but sarcastically.
I guess I'll just go over there until you're done, hm?
Well, that's fine then.
Thank you very much...

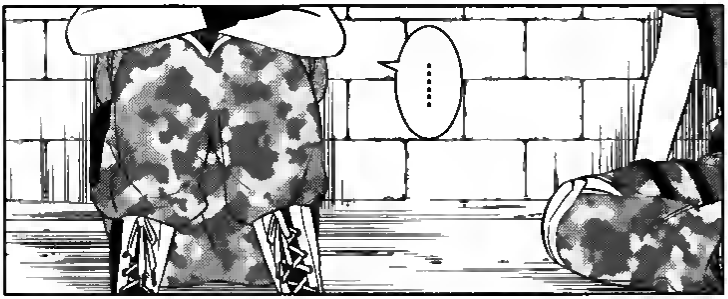
Yeah yeah.
Hey! Stop blurting nonsense! Go maintain your composure!
……
Geez... Making those outrageous assumption–
...Yeah huh! I already knew that, so I figured I'd jump on the bandwagon!

TL Note: In the original Japanese, Moboya uses "maintain worry" instead. Think of it as "calming your composure before a live performance".





Haa...



.....

Somehow, whenever I think of "fear",
it's like that feeling becomes covered in haze
For me, if I were some average person, I'd think it was scary
But, since I received treatment for locking up fear...

Don't be proud about something like that!

Fearlessness is a mysterious feeling

Really? Aren't I scary though?
Just earlier I wanted to run the hell away, but
My body just started acting on its own

"Forcing yourself to go back to reality"...
...That's what I'm considering, but I don't feel like that's going to happen...

What the heck... That simile...

Ehh...
So like your heart's becoming a mosaic?

...But...
...This is probably abnormal, isn't it? This situation...

Geez!
.....

Well it's the rilight kinda simile for a male high school kid.

...That has allowed me to be beside Motoya...
It's fine! For abnormal situations, abnormal statuses are quite appropriate!
Someone that adapts to their environment!
...But...
...It was because of the lack of fear that has allowed me to be here.
...So that's it.
It's because I lack fear that I can say something like this.

DIFFERENCE

That being said, isn't that odd? This amount...

Well anyway, for us to be able to obtain a living Irregular is...
Really, it's pretty awesome finding out that five people have the Link...
SFX: Snap Off

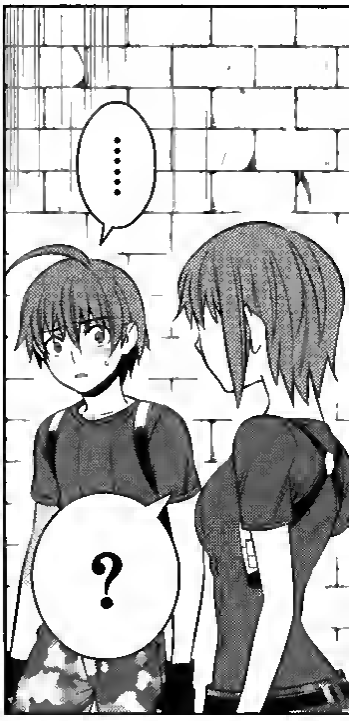
Isn't this the first major achievement since the Hiwatari Organization was formed?
Yeah... It was unthinkable until now.
Since she's still a young Irregular, she doesn't have much battle experience, however...



TL Note Motoya actually says "とうもこうもない" which means closer to "needless to say", but "that's obvious" fit the context best.

I under-stand.
……
ギュ
SFX Clench
YURI...
NO YOU DON'T!
WE HAVE TO CHASE THEM IMMEDIATELY! OUR ENEMIES ARE PROBABLY WITHDRAWING ALREADY, RIGHT?!
Nope.
Yeah, probably not.
!?
How so..?

If there aren't three people who possess the Link, they wouldn't be able to travel inside this tower
In other words, for them to be connected to this Irregular...
means that the Link reception distance. They must still be close by
Well? What do we do then? Do we withdraw after we've secured this girl?
That's precisely it!
That's difficult, isn't it...
If we show signs of retreat with the girl, the other two would definitely commence a berserk attack.
Of course, that would be after they've... killed Yuri...
.....

Alright then...
Mm...
How about we kill her?
...Eh?

If we kill this girl,
they'll lose their Link and become all messed up, so...
At that moment, if we act properly, Yuri will be able to escape also!
...KILL THIS CHILD..?
...I see.
In addition, we might be able to secure the other two instead of just this one girl!
WHAT... ARE THEY SAYING...
I believe that capturing Irregulars who have lost their Link should be relatively simple.
That's precisely it.
A HUMAN BEING..?
What does Himari think?
.....

……
Let's just stay passive for now.

チラッ

First, let's think of a way to get back Yuri-san.
For that process, it is possible that this Irregular may be necessary.

キッ

Also...
スッ

If it's killing her, we can do that anytime.

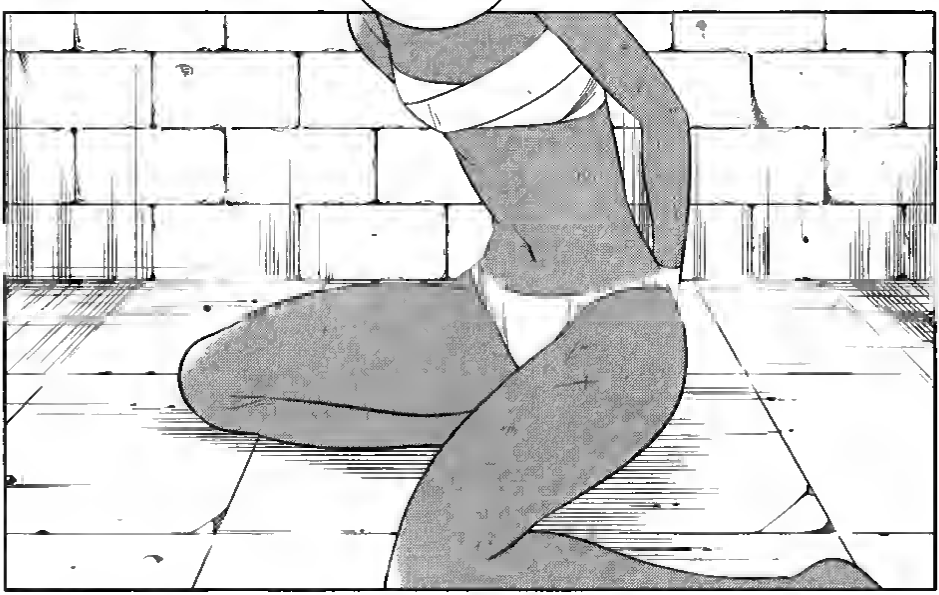
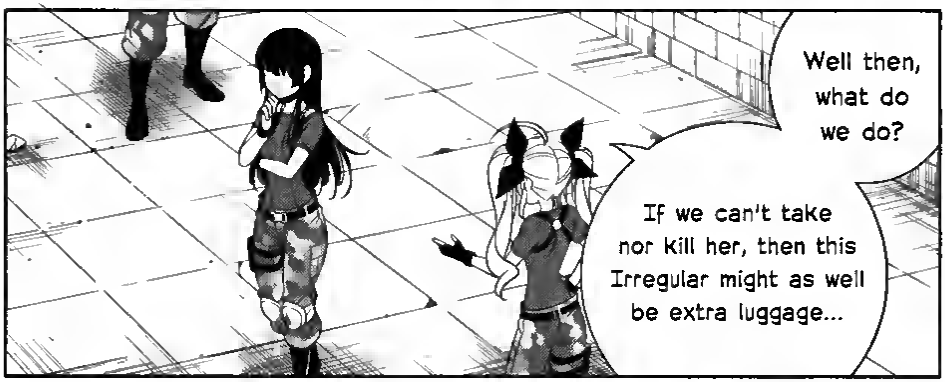
SFX Teeth Grind

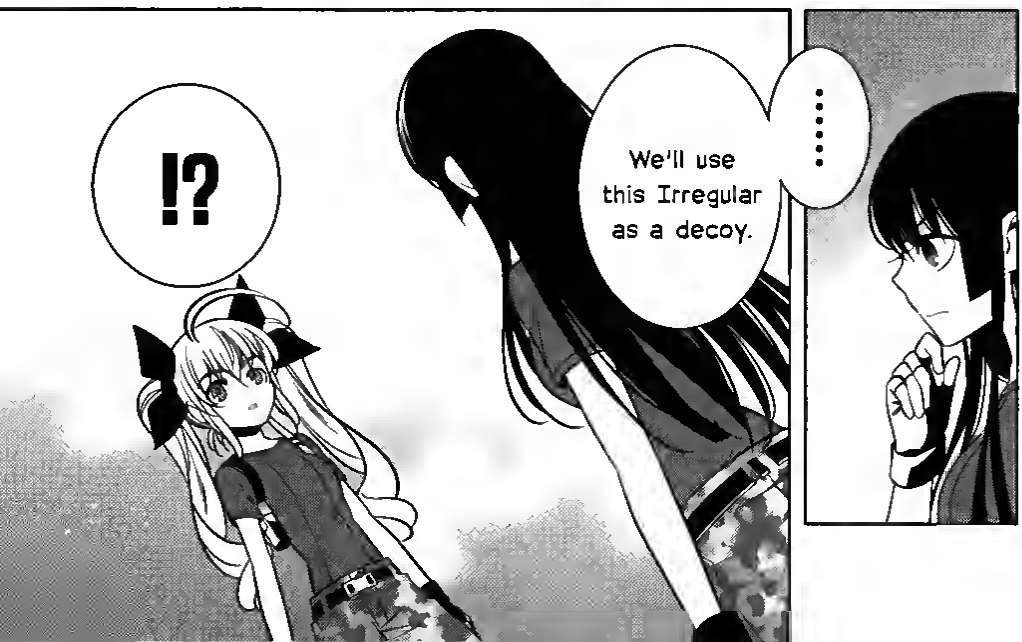


TL Note: "Have a kill" is a pun on "have a talk" that Motoya mentions earlier, and later throughout the chapter. "Have a talk" in Japanese is 話し合い, while "have a kill" is 殺し合い, which means more like "killing one another". Both phrases have the same ending for the noun, if you compare the kanji. In this chapter, using "talking with one another" doesn't sound correct in every case, so I stuck to using "having a talk" instead throughout.

JUST WHAT THE HELL ARE THEY?
THESE "IRREGULARS" ...

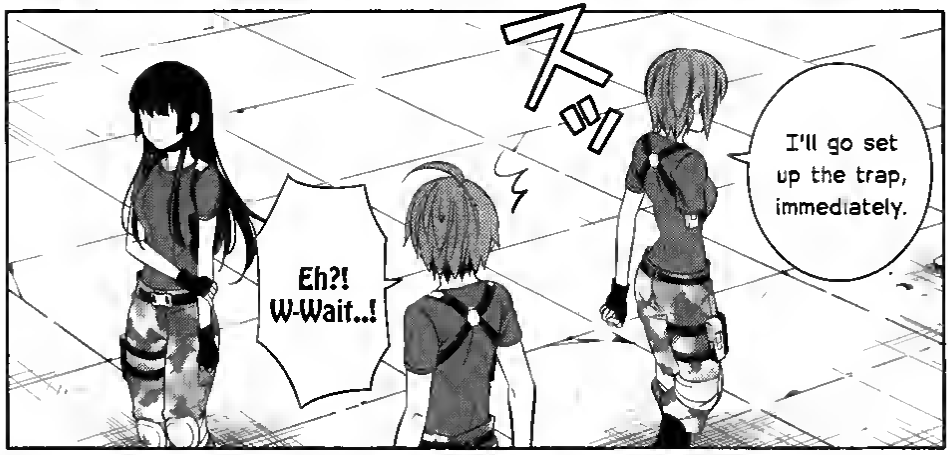


Well then, what do we do?
If we can't take nor kill her, then this Irregular might as well be extra luggage...



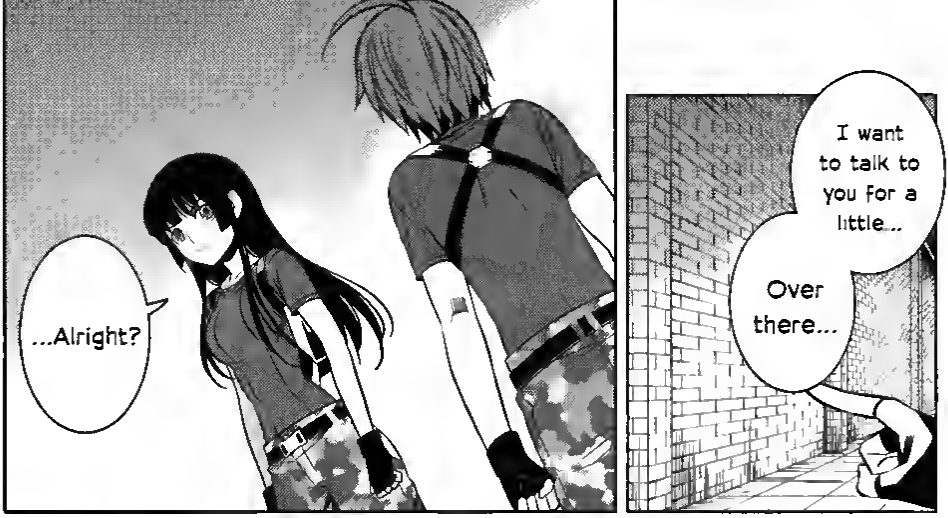
!?
We'll use this Irregular as a decoy.
.....

I seeee...
As expected of Himari-♡
If we just left this Irregular tied up while we set up a trap, her friends would definitely try to come to us.
...That's a good idea, isn't it?
Restricting their actions is an effective strategy.

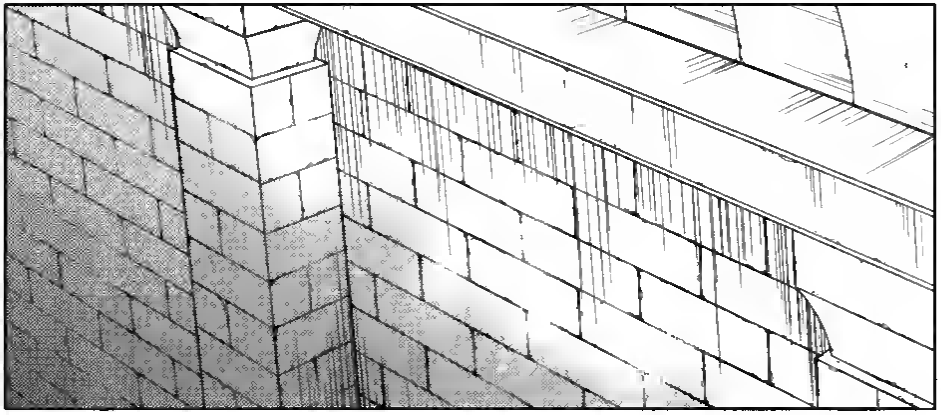


I'll go set up the trap, immediately.
Eh?! W-Wait..!

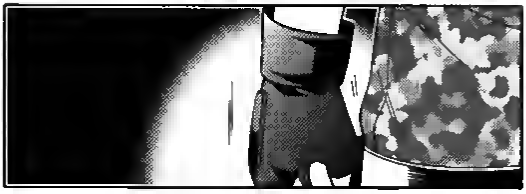
Toujou...
What is it?

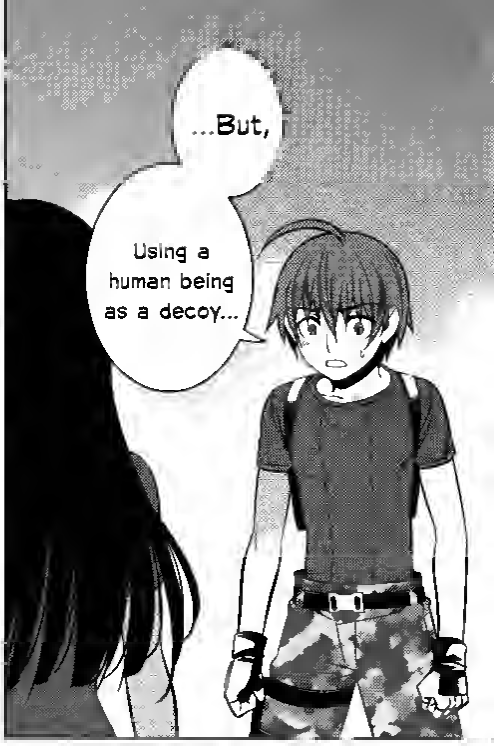


...Alright?
I want to talk to you for a little...
Over there...



I thought up the very best way to bring back Yuri-san alive.
Of course I'm serious.
Are you serious about using that kid as a decoy?

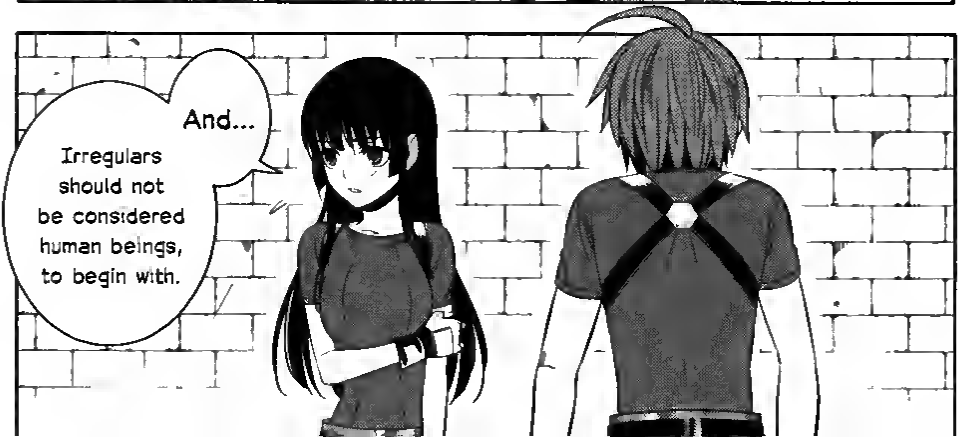




...But,
Using a human being as a decoy...

Do you not want to take Yuri-san back alive?

OF COURSE I DO! I'M THINKING ABOUT THAT AS WELL!!



And...
Irregulars should not be considered human beings, to begin with.

If you're thinking about that,
you should change the way you think for your own sake.
THAT IS..!! NO MATTER HOW YOU LOOK AT HER, ISN'T SHE HUMAN?!

That kindness will surely bring you sorrow.
I've said it before, but, this place is a battlefield.

.....
and act rationally.
You have to kill your own emotions,

There is value in your feelings for wanting to change the world.
However...
Wouldn't it be more comforting to just change yourself?

Even so!
...Even so, I want to talk to her...
I'm sure you will come to find that these are just people who fight with their lives on the line, and on whom words have no effect.
If that will make you happier, I'll give you five minutes
Even so, please be careful...
So, how'd it go?
She gave me five minutes.
ひょこ

Ahh~
Why do I think it'll be pointless though..?
You're a human being, right?
If so, you should be capable of holding a conversation.
Heyyy... Look here. I want you to listen.

Let's have a talk.
There's no point to this conflict!
And, I want you to give us Yuri back.
Isn't killing one another absurd?
I just want Yuri to be handed back to us.
And for that...
By having a talk, I think we'll be able to hand you back also...

YEAH! YURI! THE GIRL THAT YOUR FRIENDS TOOK AWAY!
.....
Yuri?
Yuri...
!?
Okay, your five minutes are up~

You knew it was pointless, right?
It's because you believe she's a human being that you must *not* do so.
These things are just animals who took the form of human beings.
They resemble human beings more than Spriggans do, but... That's all...
Okay! Come here!

Just where... the heck are we..?
Hi P!!...

はっ…
!?
Cold, huh...
Regardless of where this is,
there's the possibility that this place might become a target of capture, just like Japan or Veena's home...

It looks like nobody's here, but...
.....
Motoya..?
スッ

Although I checked with my Link, it really seems nobody's here

Veena, let's get away from here.

That's probably the tower that just appeared, huh...
Anyways, maybe it'd be best if we separated from it...

Affirmative!

パチパチ
はぁー?

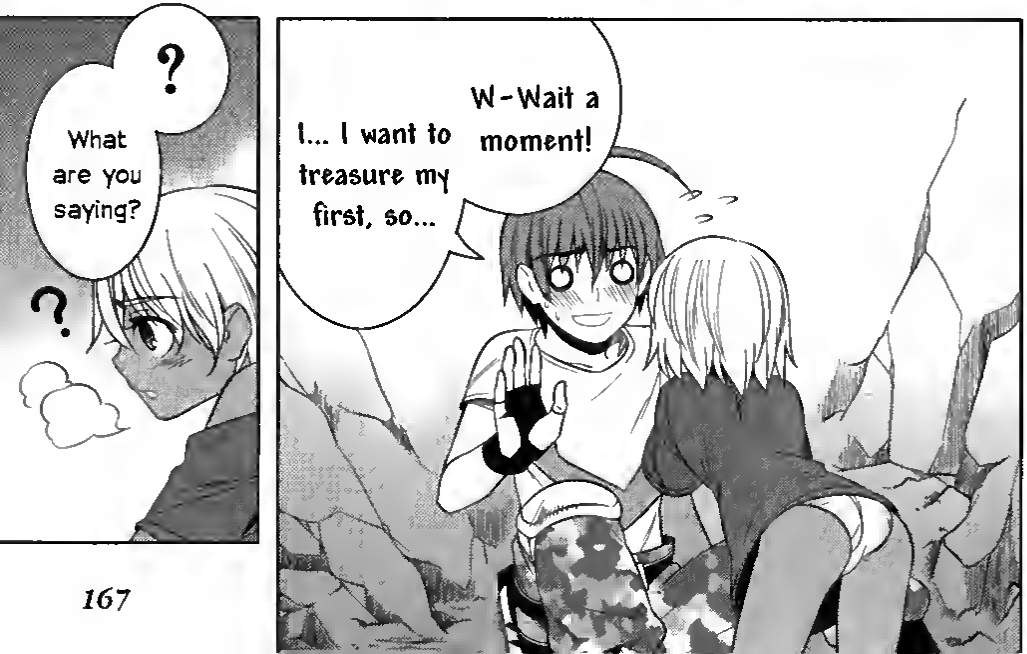
グイッ!
It's a common action.
Why are you running?



?
What are you saying?
?
W-Wait a moment!
I... I want to treasure my first, so...

Rather, that's the most suitable since a child's body temperature is at a high degree!!
No, that... Isn't Veena still a kid?
SFX Suik

Well... I'm a child too, but...

Anyway, please stay there.
I'll go over there soon!

So this was Japan, then..?

SFX: Call End

So that's it... Captain got back safely...
I'm relieved...

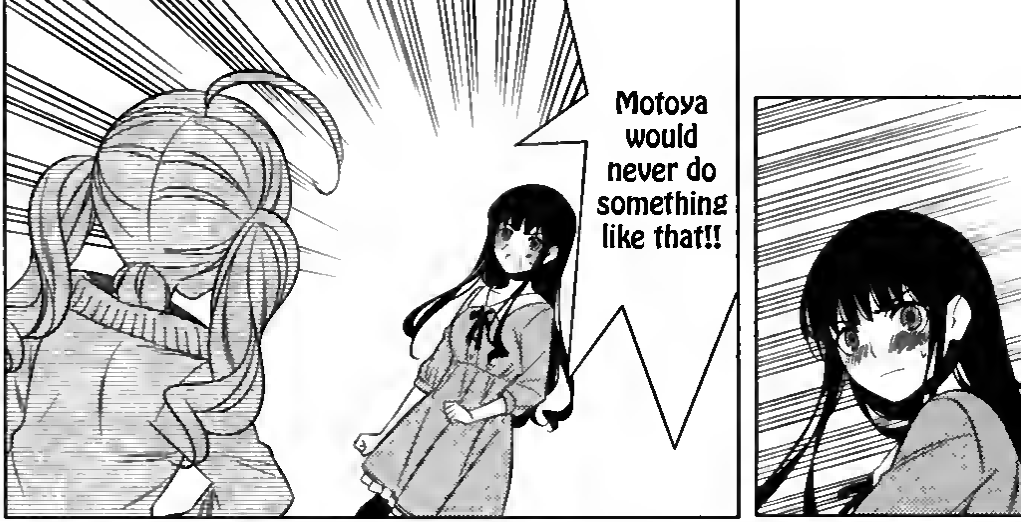
No no no, b-but...



Motoya would never do something like that!!

Are you okay?
Are you hurt anywhere?

Aside from losing weight, it's like you've gotten shorter as well...
